

Bozarth, J. (2008). *Better Than Bullet Points: Creating Engaging E-Learning with PowerPoint*. San Francisco: Pfeiffer. Copyright 2008 John Wiley & Sons/Pfeiffer.

CORRECTED IMAGE 2.20, page 50:

Sending PowerPoint to Word produces side-by-side slide with text/script.

Slide 1

Title

Shark swims back and forth. Silly “Jaws”-type music plays. Hitting any key or clicking the mouse jumps to “Main” screen. After 1 minute of no activity, the program auto-advances to “Main”.

Slide 2

Main

All buttons and rollovers have a highlighted effect. “Home” always goes to this screen. Clicking the shark image goes to the “Title” screen.

Slide 3

Main

All buttons and rollovers have a highlighted effect.

"Home" always goes to this screen.

Clicking the shark image goes to the "Title" screen.
